Pavia e Ansaldo: Federica Longo is a new partner of the Milan office

Strengthening the firm's Corporate and M&A practice with her extensive experience in domestic and cross-border special transactions

Milan, 8 September 2026 – Pavia e Ansaldo announces the entry of Federica Longo as a Partner, further consolidating its Corporate and M&A practice and the firm's growth trajectory.

Federica Longo has gained significant experience in corporate law and M&A transactions, advising multinational groups, investment funds, listed companies and market-leading firms on the structuring, negotiation and management of domestic and international extraordinary transactions. Throughout her career, she has handled acquisitions, divestments, carve-outs, post-acquisition integrations and corporate reorganisations across a wide range of industrial sectors, developing particular expertise in the healthcare sector.

A professional with a strong international focus, Longo has also gained significant experience in the fashion, food, chemicals, retail and energy sectors, as well as in advising operators active in real estate development and real estate investment funds. Her work is characterised by her ability to combine technical expertise, strategic vision and a pragmatic approach to business, consistently supporting some of the leading international industrial and financial groups on their growth and development journeys.

"*Federica's entry represents a new and important step in strengthening our Corporate and M&A practice*", comments **Stefano Bianchi, Managing Partner**

at Pavia e Ansaldo. *"We continue to invest in recruiting high-profile professionals and in nurturing a new generation of partners capable of guiding clients through the increasingly complex challenges of national and international markets. Federica's expertise, combined with her proven track record in extraordinary and cross-border transactions, will further contribute to the development of the practice and to strengthening our ability to assist industrial groups, investment funds and leading companies in their respective sectors*".
