# **Pavia e Ansaldo in the launch of the tender for the port hub of Ravenna for the value of €235 million**

***Milan, 25 November 2019*** - Pavia e Ansaldo, with partner **Marco Giustiniani** and associate **Alessandro Paccione**, assisted “Autorità di Sistema Portuale del Mare Adriatico Centro Settentrionale” in the legal structuring of the procedure and in the drafting of the call for tenders, of the relating specifications and of all the other tender documents for the entering into the mega contract for the construction of the new port hub of Ravenna with the General Contractor.

The initiative, co-funded by EU and by the European Investment Bank, includes designing and works for a total of €235 million, with a complete excavation and deepening of the port’s seabed, along with the adaptation and construction of the quays and terminals for a total length of approximately 14 km, and urbanization of 200 hectares of land destined to logistics.

This is one of the major initiatives in Europe regarding ports of the last 10 years.
